the slave ship was the instrument of history's greatest forced migration and a key to the origins and growth of global capitalism yet much of its history remains unknown marcus rediker uncovers the extraordinary human drama that played out on this world-changing vessel drawing on thirty years of maritime research he demonstrates the truth of w e b dubois's observation the slave trade was the most magnificent drama in the last thousand years of human history the slave ship focuses on the so-called golden age of the slave trade the period of 1700-1808 when more than six million people were transported out of africa most of them on british and american ships across the atlantic to slave on new world plantations marcus rediker tells poignant tales of life death and terror as he captures the shipboard drama of brutal discipline and fierce resistance he reconstructs the lives of individuals such as john newton james field stanfield and olaudah equiano and the collective experience of captains sailors and slaves mindful of the haunting legacies of race class and slavery marcus rediker offers a vivid and unforgettable portrait of the ghost ship of our modern consciousness

the transatlantic slave trade played a major role in the development of the modern world it both gave birth to and resulted from the shift from feudalism into the european commercial revolution james a rawley fills a scholarly gap in the historical discussion of the slave trade from the fifteenth to the nineteenth century by providing one volume

covering the economics demography epidemiology and politics of the trade this revised edition of rawley s classic produced with the assistance of stephen d behrendt includes emended text to reflect the major changes in historiography current slave trade data tables and accompanying text updated notes and the addition of a select bibliography

this survey is a synthesis of the economic social cultural and political history of the atlantic slave trade providing the general reader with a basic understanding of the current state of scholarly knowledge of forced african migration and compares this knowledge to popular beliefs the atlantic slave trade examines the four hundred years of atlantic slave trade covering the west and east african experiences as well as all the american colonies and republics that obtained slaves from africa it outlines both the common features of this trade and the local differences that developed it discusses the slave trade s economics politics demographic impact and cultural implications in relationship to africa as well as america finally it places the slave trade in the context of world trade and examines the role it played in the growing relationship between asia africa europe and america this new edition incorporates the latest findings of the last decade in slave trade studies carried out in europe and america it also includes new data on the slave trade voyages which have just recently been made available to the public

story the 18th century slave trade and of the transporting of the negroes to america

a monumental cartographic history of the african slave trade updated and expanded in a new edition in the first edition of atlas of the transatlantic slave trade two leading historians explored details of the 350 year history of african slave traffic to the new world they showed with nearly 200 original maps where the captives came from how long the journeys lasted how many died on the voyages and what the ports and destinations were they also presented details about the trade itself including the economics in this groundbreaking revised edition 25 new maps locate the major language groups involved in the traffic and show the movement of africans from the interior of the continent to the americas as well as from one part of the americas to another accompanying the maps as in the first edition are revealing illustrations and contemporary literary selections including poems letters and diary entries with up to date information drawn from the database slave voyages slavevoyages.org with its records of more than 36 000 voyages the atlas provides the fullest possible picture of the extent and inhumanity of one of the largest forced migrations in history

between 1500 and 1870 european traders transported millions of africans to the americas to work as slaves yet despite the wealth of scholarship on this period many people remain uninformed about the history of the slave trade and its implications for the modern black experience published to accompany a permanent gallery in the merseyside maritime museum transatlantic slavery documents this era through essays on women in slavery the impact of slavery on west and central africa and the african view of the slave trade richly illustrated it reveals how the slave trade shaped the history of three continents africa the americas and europe and how all of us continue to live with its consequences

the slave trade domestic and foreign why it exists and how it may be extinguished by henry charles carey first published in 1872 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent

damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

the author relates the history of this european slave ship and includes a day by day account of how life on the ship in the 1700s may have been color illustrations and b w photos

describes the conditions that existed on the ships bringing african slaves to the new world

traces slave names the islands and cities into which we are born our musics and rhythms our genetic compositions our stories of our lost utopias and the atrocities inflicted upon our ancestors by our ancestors the social structure of our cities the nature of our diasporas the scars inflicted by history these are all the remnants of the middle passage of the slave ship for those in the multiple diasporas of the globe today whose complex histories were shaped by that journey whatever remnants that once existed in the subjectivities and collectivities upon which slavery was inflicted has long passed but there are hints in material culture genetic and cultural transmissions and objects that shape certain kinds of narratives this is how we know ourselves and how we tell our stories this path breaking book uncovers the significance of the memory of the slave ship for modernity as well as its role in the cultural production of modernity by so doing it examines methods of ethnography for historical events and experiences and offers a sociology and a history from below of the slave experience the arguments in this book show the way for using memory studies to undermine contemporary slavery
